

## HOMELAND SECURITY AND EMERGENCY MANAGEMENT DIVISION[605]

### Notice of Intended Action

**Twenty-five interested persons, a governmental subdivision, an agency or association of 25 or more persons may demand an oral presentation hereon as provided in Iowa Code section 17A.4(1)"b."**

**Notice is also given to the public that the Administrative Rules Review Committee may, on its own motion or on written request by any individual or group, review this proposed action under section 17A.8(6) at a regular or special meeting where the public or interested persons may be heard.**

Pursuant to the authority of Iowa Code sections 17A.3, 23A.2(10)"m," and 29C.8(5), the Homeland Security and Emergency Management Division proposes to amend Chapter 11, "Repair, Calibration, and Maintenance of Radiological Monitoring, Detection, and Survey Equipment," Iowa Administrative Code.

The Homeland Security and Emergency Management Division proposes to amend rule 605—11.6(29C) to update the fees charged for the various services that the Division provides under Chapter 11. This increase in fees reflects the increased costs associated with performing the services set forth within this chapter.

Consideration will be given to all written suggestions or comments on the proposed amendment received on or before August 4, 2009. Such written materials should be sent to the Administrative Rules Coordinator, Iowa Homeland Security and Emergency Management Division, 7105 N.W. 70th Ave., Camp Dodge, Building W-4, Johnston, Iowa 50131; fax (515)725-3260.

There will be a public hearing on August 6, 2009, at 10 a.m. in the Homeland Security and Emergency Management Division Conference Room at Camp Dodge, Johnston, Iowa, Building W-4, at which time persons may present their views either orally or in writing. At the hearing, persons will be asked to give their names and addresses for the record and to confine their remarks to the subject of the amendment.

Any persons who intend to attend the public hearing and have special requirements, such as those relating to hearing or mobility impairments, should contact the Homeland Security and Emergency Management Division and advise of specific needs.

This amendment is intended to implement Iowa Code chapter 29C.

The following amendment is proposed.

Amend rule 605—11.6(29C) as follows:

**605—11.6(29C) Fees.** Unless otherwise specified by contract, the division will charge the following fees for the performance of its services:

#### Calibration Fees:

One radiation instrument and one radiation detector	<del>\$50</del> <u>70</u>
Each additional radiation detector	<del>\$45</del> <u>20</u>
Each dosimeter	\$10

#### Repair Fees:

Hourly rate	<del>\$40</del> <u>70</u>
Parts	Cost plus 15 percent

The division will also assess a fee to recover actual shipping expenses, to include insurance coverage for the equipment being shipped.

Estimates will be given for instruments that are in need of repair. The customer will have the option of having the instrument repaired at the established rates or may have the instrument returned, at which time shipping expenses will be charged.

The division may offer to replace equipment with like equipment that is fully functional and that has been properly calibrated, in lieu of making calibrations or the necessary repairs. If the customer accepts this offer, the fee charged is the fee that would normally be charged for the calibration or repair of the instrument or dosimeter.
